

EU REACH – SVHC Negative Declaration

June 9, 2022

Dear Customer,

This document shall serve as notification regarding the European Union’s (EU) Registration, Evaluation and Authorization of Chemicals regulation (REACH) EC 1907/2006, and its requirements for Amphenol Aerospace Operations (AAO) and Amphenol Commercial Air Division (ACAD) products. Considered the most complex European environmental measure ever adopted, REACH consolidated existing EU chemical laws into a unified legislation intended to manage the risks that chemicals in commerce may pose to human health and the environment.

REACH applies to all substances (chemical elements and their compounds), which are manufactured or imported into the EU either in their natural state, as a preparation, or as an article constituent. An article is an *object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition*. AAO and ACAD are manufacturers of articles, which do not intentionally release hazardous substances during normal or reasonably foreseeable usage in excess of 1 tonne/yr/article, thus it currently has no registration obligations under REACH.

AAO and ACAD has received REACH conformity requests inquiring whether or not our products contain Phase I, Phase II, Phase III, Phase IV, Phase V, Phase VI, Phase VII, Phase VIII, Phase IX, Phase X, Phase XI, Phase XII, Phase XIII, Phase XIV, Phase XV, Phase XVI, Phase XVII, Phase XVIII, Phase XIX, Phase XX, Phase XXI, Phase XXII, Phase XXIII, Phase XXIV, Phase XXV, Phase XXVI, or Phase XXVII candidate list substances of very high concern (SVHC’s). Since the October 28, 2008, January 13, 2010, March 30, 2010, June 18, 2010, December 15, 2011, June 20, 2011, December 19, 2011, June 18, 2012, December 19, 2012, June 20, 2013, December 16, 2013, June 16, 2014, December 17, 2014, June 15, 2015, December 17, 2015, June 20, 2016, January 12, 2017, July 7, 2017, January 15, 2018, June 27, 2018, January 15, 2019, July 16, 2019, January 16, 2020, June 25, 2020, January 19, 2021, July 8, 2021, and January 17, 2022 publication dates of the Phase I, II, III, IV, V, VI, VII, VIII, IX, X, XI, XII, XIII, XIV, XV, XVI, XVII, XVIII, XIX, XX, XXI, XXII, XXIII, XXIV, XXV, XXVI, XXVII SVHC lists respectively. AAO and ACAD has been working diligently with our supply chain partners to obtain the necessary information to evaluate REACH conformity and will continue to do so as future SVHCs are added. Please note that this is a timely process as the responsible party for substance registration and data dissemination may be several layers upstream in the supply chain.

AAO/ACAD Part Number
D38999/21YB35PN

Amphenol Aerospace Operations and Commercial Air Division confirms that the intentional composition of the aforementioned part number does not contain any Phase I, II, III, IV, V, VI, VII, VIII, IX, X, XI, XII, XIII, XIV, XV, XVI, XVII, XVIII, XIX, XX, XXI, XXII, XXIII, XXIV, XXV, XXVI, XXVII SVHC’s (See Table A) in excess of the 0.1% by weight in *articles* maximum concentration value specified by REACH.

AAO and ACAD do not perform independent analytical testing for REACH as a component of its standard practices. The information contained in this document is based on technical data received from our supply chain partners, and is considered reliable and accurate. AAO and ACAD shall not assume liability beyond supplied product cost, for any errors or omissions attributed to our supplier base.

Should you have any further questions, please contact us at your convenience.

Sincerely,

A handwritten signature in black ink that reads "John Bianchi". The signature is written in a cursive style and is centered within a light beige rectangular box.

John Bianchi
