

Class I & II Ozone Depleting Substances (ODS) Certification

July 23, 2013

Dear Customer,

Pursuant to your inquiry regarding Class I or II Ozone Depleting Substances (ODS') in Amphenol Industrial & Aerospace Operations (AIAO) interconnect products, we hereby offer the following position.

Amphenol Industrial & Aerospace Operations (AIAO) does not intentionally incorporate or utilize as a processing aid, Class I or Class II ODS', as published January 2009 in 40 CFR Part 82 Appendices A & B respectively, in the manufacture of its products.

ODS' appended 40 CFR Part 82 Appendix A or B subsequent to January 2009 were not evaluated by Amphenol Industrial & Aerospace Operations and are excluded from all provisions of this certification.

Should you have any further questions, please contact me at your convenience.

Sincerely,

John Bianchi
Product Compliance Engineer
Amphenol Aerospace
